This will help our church by:

1. Saving money and time by only printing off Church Directories for those who do not have internet and email service.
2. Increasing the opportunity for Connection of our people via email, phone, visitation or mail with updated contact information.
3. Reducing the frustration of working from out dated list and calendars. Now both our staff and church members will have the most current list of their active members.
4. Promoting good stewardship by adding the ability for our members to see exactly where they are in their giving and pledges at any time instead at of the end of the year.
5. Decreasing the administrative load and time from our staff by enlisting our members to update their own contact information.
